Discussion Questions:

- God used persecution to spread the gospel but we often desire (and pray) to avoid persecution and hardship. What lessons can we take from today's scriptures?
- Compare Acts 8:5 and Acts 8:26. In Acts 8:5 we do not read any report of a special call from God to direct Philip to Samaria. What do you think about this?
- The early Church experienced the challenge of former enemies becoming their brothers and sisters in God's family. In what ways do you find it difficult to desire God's best for your enemies?
