

Life Group Discussion Questions

Sermon: Home for Christmas

Date: 12-3-17

- **What words, memories, or characteristics would you use to describe the idea of “home” to someone?**
- **What does the fact that “home” produces such powerful emotions within us say about the way God made us?**
- **Given what we heard on Sunday about our longing for home and about how elusive “home” can be, are there any songs or movies on this theme that take on new significance to you?**
- **What do you think it looks like when someone is living in inner exile? What does “coming home” from that look like?**
- **Spend some time as a group praising God for His gift in Christ and asking that each one would experience the end to exile more fully.**
- **Is there something tangible your group can do to bring God’s gift of home to someone this Christmas season?**
