

Life Group Discussion Questions

Sermon: 2-18-18

Date: The Making of an Epiphany

- **So often we meet God when we come to the end of our own capacities. How have you experienced this in your own life? Or, how have you seen it in others?**
- **Refresh this part of the message together as a group: Why is it so hard to “tug on the thread” when it comes to our own weaknesses? How can we be more free to do this as Christians?**
- **Mark 6 also shows us that very often God works through common, ordinary means. Have you ever missed God working “in the moment” because it was less than what you would have expected?**
- **When someone has an epiphany type of experience, in what ways are they likely to be changed?**
- **Pray for one another that God would allow each to behold His beauty and Presence in a real way.**
