Sermon: Love God and Do Whatever He Wants

Date: 4-29-18

- **Have you ever tried to read Leviticus before? How did it go? What are some of the reasons why Leviticus is difficult for modern readers?**
- **Can you rephrase, in your own words, what was Nadab and Abihu's error in approaching God?**
- **In what ways are we tempted to make the same error today? Be as practical / specific as you can.**
- **What are some instances when you've heard someone say, "*you've gotta do what's right for you*"? When is that kind of thinking correct? When is it wrong?**
- **In order to apply "distinguishing between the holy and the common" to your own life today, what's something that would be appropriate for you to cut out of your life?**
- **Pray for one another—praise Christ for His atoning work, and ask for the power to follow Him in holiness.**
