Sermon: The Fullness of Grace

Date: 12-9-18

- **As an icebreaker, are there any recurring dreams that you have? What do you think about the idea that different people in our dreams commonly reflect different parts of our own selves?**
- **How are you drawn to rely on your own efforts before God? If we don't rely on the Mosaic law as such, what are some other rules (written or unwritten) that we do base our performance on?**
- **When the inner voices of accusation come against you, what form do they typically take? In other words, where do you most tend to feel guilty?**
- **What's an area where you've been busy "thatching the roof" when what you need to be doing is handing the property over to Jesus for a demolition (and reconstruction)? What would this look like practically?**
- **Pray for another to live in the fullness of grace that has come through Jesus Christ.**
