Sermon: Experiencing the Kingdom

Date: 2-3-19

- Which of the characters in this story can you relate to the most: *the disciples*, watching what Jesus is doing; *Mary*, bringing a request to Jesus; *the servants*, taking part in the miracle; *the master of the banquet and groom*, enjoying some benefits, but not really knowing their deeper source; or *the guests*, having a good time but oblivious to Kingdom realities taking place right around them? In what ways do you identify with them?
- Where do you tend to live more: head knowledge or heart knowledge of Jesus? If you've experienced Jesus personally before, what was it like?
- Can you make the same commitment to "do whatever He says"? What needs to be in place in order for you to make such a commitment?
