Sermon: How to Use the Law

Date: 7-21-19

- **“Ignoring the Law” or “Enforcing the Law” ... which one are you more prone to? (Your answer may be different depending on whether you consider the OT law specifically or “do’s and do not’s” more generically.)**
- **In what ways are you most tempted to focus on behavior only, and not the heart?**
- **Take a couple of different scenarios you encounter in your own life and talk through how responding with the gospel would be different from responding with the law, even if the eventual action looks the same.**
