

## **Sermon Notes & Discussion Questions**

**Speaker: Pastor Adam Meredith**

**Sermon: Hearing With Faith**

**Passage: Galatians 3:1–6**

**Date: February 21, 2021**

### **Sermon Notes:**

- 1. Working Out What's Been Worked In**
- 2. Breaking the Power of Canceled Sin**
- 3. Believing the Promises That Have Been Given**

### **Discussion Questions:**

- At various times in the fight against sin, most of us are tempted either to try to fight in our own strength or to wait for God to remove the struggle entirely for us. Do you tend toward one of these or the other more often? How has this message helped you better think about God's role and our role working together in sanctification?**
- The correct ordering of "conquering canceled sin" is the difference between Christianity and another religion. (Really, it's the difference between Christianity and *all* other religions.) When do you notice your heart trying to switch the order between the two?**
- Take one sin or temptation that you face on any kind of regular basis right now. Talk through how you could apply hearing a promise with faith in order to have victory over that sin. What promises apply most relevantly? What can you do to remember them "in the moment"?**
