Date: October 31, 2021

Sermon Notes:

Discussion Questions:

- Where do you see divided allegiance in the broader Church? In what ways do we collectively tend toward lamenting the consequences of sin rather than repenting of our sin itself?
- What's at least 1 difference you would have to make for somebody to say you are totally directed toward the Lord? Are you willing to make that change?
- Think about the spiritual implications of trying to drink from a sponge as opposed to a faucet, hose, or stream. In what ways do you find yourself forgetting that Jesus is the Source of life? What practical difference would it make for you, in at least 1 area of your life or heart, if you were to live in light of this truth?
