Sermon Notes:

1. The Authority to Forgive
2. The Identity of the Forgiver
3. The Entirety of the Forgiveness and of the Forgiven

Discussion Questions:

- Practically speaking, which do you tend to take more seriously—sin or sickness? Why do you think that is? What might you do to treat sin as seriously as it deserves?
- What does this passage show you about Jesus' identity and authority? What implications does this have for how you relate to Him personally?
- How have you focused on the forgiveness Christ offers, perhaps forgetting the wholeness He provides as well? What's at least 1 way your life would be different if you more truly apprehended His *restoration* as well as His forgiveness?
